

CS212 Program 2 – Grading Sheet

Due date: 10.09.2021

Name: Ben DeWeerd Section: A Date turned in: 10.06 Late? No

Parts of the program I didn't get to work:

I got every part of the program to work as I expected. My program babbles and computes statistics for orders 0 - 5.

Comments on this assignment:

_____ For Grader's Use _____

- Program compiles and runs (40) _____
- Reads file; displays number of words and number of unique words (10) _____
- Computes statistics and generates appropriate random text (20) _____
- Algorithm behaves as described. Uses hash tables appropriately (10) _____
- Uses N^{th} -order statistics (1-5) (10) _____
- Style and mechanics: good programming style including comments (10) _____
- Total (100)** _____
